

LER Newsletter

July 2020

Online lactation consultant training. Now offering CERP, CME, CE credit and more.

Welcome to the new LER newsletter

To bring you the latest news, resources, and offerings from LER, we have redesigned the monthly newsletter. We hope this fresh format will spark new solutions for your lactation practice. We welcome your feedback!

PPE, Relactation, and Other New COVID Resources

New fact sheets - one on PPE for lactation providers in the community setting and the other on relactation - have been added to our COVID resources. Also check out a free, CERP-eligible course on lactation support during the pandemic and recordings of the recent Nikki & Nikki Q&A Sessions.

Find our COVID resources [here](#).

Think you “can’t” counsel parents with HIV? New resource for providing evidence-informed lactation support.

Effective antiretroviral treatment (ART) has changed the landscape for chestfeeding and breastfeeding with HIV. But with competing national and international guidelines, do you feel equipped to provide appropriate and ethical lactation care to families with HIV? Learn the latest at our [blog](#).

Can I take the September IBLCE exam on an iPad?

In the LER Facebook group, one of our students asked about the system requirements for those taking the exam online rather than on-site. The answer: details are still forthcoming, but the Prometrics guide suggests no. (see the answer and the conversation [here](#) if you are in the group.)

LER staff carefully tracks IBLCE updates and will post new information and answers to your questions in the Facebook group, which is open to all students in our 90 hour or 45 hour courses or an exam prep offering.

Eligible but not yet in the group? Click [here](#) to sign up.

Are you ready for the IBLCE exam? Test your preparedness with these ten questions.

Get a feel for your readiness to sit for the IBLCE exam with ten sample exam questions. Feel like you need extra prep? Our [Exam Prep Course](#) offers three sample exams with instant-feedback questions, photo flashcards, a study schedule, and access to our moderated private Facebook prep group. Need to brush up your content knowledge? Add 32 webcast courses aligned to the exam and case studies with the Enhanced course.

Take the ten questions [here](#).

We love your photos so much we'd like to buy them from you!

We are looking for the photos lactation consultants love: from babies in crocheted breast hats or latching on to the unexpected to things that look like breasts in nature to you providing care. If seeing the photo gave you a rush of oxytocin, it probably will for us too! Contact us at support@lactationtraining.com to learn more.

Programs for Aspiring Black Lactation Consultants Update

Watch here for details on our new programs designed specifically for aspiring Black lactation consultants, as we discussed in our [Statement of Solidarity](#).

Free Q&As with Nikki & Nikki in July

Hosted by Nekisha Killings, MPH, IBCLC and Nikki Greenaway, BA, MS, FNP-C, IBCLC:

How to Identify Fake News, following accurate sources for the latest breastfeeding and COVID data
July 8th, 10:30 am PDT; 1:30 pm EDT.

Understanding WHO Code and how it is Impacting Families During Dual Pandemics
July 22nd, 10:30 am PDT; 1:30 pm EDT.

Free pre-registration is required. Visit [here](#) to register and learn more.
